3.The document name was different in audit view log.

The screenshot shows the 'Edit Ultra Document' interface for a document named 'TEMPDATA'. The top bar includes a user profile for 'Vignesh M' and a status 'Online'. The main area is divided into an 'Audit Log' on the left and a 'Preview' on the right. The 'Audit Log' table lists workflow events, and a modal window for 'WF342' shows document details. The 'Preview' area shows a document with a table of employee data.

Workflow Name	Event Date	Event Name	Performed	Performed By	Details
WF342	03/12/2019 15:10:12	Workflow Started	Stage_001	vignesh@cygnussoftwares.com

## 1.Removed the alert message.

The screenshot shows the 'Edit Ultra Document (BP\_97506)' interface. At the top, there's a navigation bar with 'Ultra Documents - Home' and a URL. Below it, a green banner reads 'Please perform Generate Document and then assign a workflow to the document.' with buttons for 'Generate Document' and 'Preview Document'. A red box highlights the 'Generate Document' button with the text 'No need'. Below the banner, there's a section 'Add files from one of the following data sources' with icons for 'Add Local Files', 'Dropbox', 'SmartSheet', 'OneDrive', 'Google Drive', and 'Esign Templates'. A 'List of Documents' table is visible, showing columns for 'Doc ID', 'Document Name', 'Chapter Name', and 'Doc Source'. The table contains one entry: '00053 Hotel Interior Map 2.pdf Hotel Interior Map 2 Dropbox'. To the right, a preview of a hotel floor plan is shown with various notes and a legend. A red box highlights a note about 'Hotel: Verify changes please print the floorplan k any necessary changes in RED (as allowed, scan and upload to the printwebpage so that make the quickly'.

## 2.Space

The screenshot shows the 'Ultra Signature' interface. At the top, there's a navigation bar with 'Ultra Signature | electronic signature' and a URL. Below it, a green banner reads 'Ultra Signature is free forever' and 'Enable E-Signature & Share Documents in Few Easy Steps'. A red box highlights the 'Authenticate and Open Drop box button' with the text 'More space in between the Authenticate and Open Drop box button'. Below the banner, there's a section 'Popular Pre-Built Templates by Category' with a list of templates: 'IT Recruiting', 'HR', 'Apartment Rental', 'Credit Card Authorization', 'US Gov Forms (W4, W3 ...)', 'Security policy templates', 'Insurance', and 'Generate Contracts'. To the right, a preview of a document is shown with a 'Dropbox' section and a 'Choose the document from the tree view and click ( Select ) button'.

### 3. Workflow was selected and clicks the Field security. It could be having an exception.

The screenshot shows the Ultra Document interface. At the top, it says "Edit Ultra Document (BP\_97506)". Below this, there are tabs for "Choose Documents", "E-Sign", and "Workflow". The "Workflow" tab is selected, showing a workflow diagram with three steps: "park@cygnussoftwares.com" → "mark@cygnussoftwares.com" → "harry@cygnussoftwares.com". Each step has a "Comments" button. Below the workflow, there are buttons for "Field Security", "Start Workflow", "Cancel Workflow", and "View Logs". The "Field Security" button is highlighted. To the right, there is a "Preview" section showing a document with a floor plan and various notes. The notes include: "Hotel: no changes, please print the floorplan & any necessary changes in RED (as below), scan and upload to printmaking to that make the quickly ready.", "Hotel: Verify Room Numbers and Reference Against Your PM List Of Rooms.", "Numbers Must Appear On Jan As They Appear In Your stem.", "Note to Hotel: Please Identify and Label: Front Desk, Lobby/Lounge/Gathering Areas, Gift Shop, Business Center, Breakfast/Dining Area, Guest Laundry, Fitness Center, Pool, Outdoor Areas, Guest Room Numbers, Connecting Guest Rooms, Label any other named areas not shown.", and "Sure No Changes Have Been".

The screenshot shows the Microsoft Visual Studio IDE. The main window displays a code file named "MasterPage.aspx.cs". The code is a C# class for a web page, implementing the Page class. It includes a Page\_Load method that iterates through a list of users and writes their details to a text file. The code is as follows:

```
17971 for (int i = 0; i < userAL.Count; i++)
17972 {
17973     name = (String)userAL[i];
17974     stageDetails = stageDetails + (i == 0 ? "\"" + name + "\" : \",\" + "\"" + name + "\"";
17975 }
17976 stageDetails = stageDetails + "\"";
17977 stageNames = stageNames + (j == 0 ? "\"" + stageName + "\" : \",\" + "\"" + stageName + "\"";
17978 j++;
17979 }
17980 stageNames = stageNames + "\"";
17981 Debug.WriteLine("stageDetails --->" + stageDetails);
17982 Debug.WriteLine("stageNames --->" + stageNames);
17983 String jsonStr = "(" + stageDetails + "," + stageNames + ")";
17984 Debug.WriteLine("jsonStr --->" + jsonStr);
17985 if (wfId.Equals(""))
17986 {
17987     jsonStr = "";
17988     Session["EsignStageJson"] = jsonStr;
17989     PdfReader pdfReader = new PdfReader(pdfOutputFile);
17990     int numberOfPages = pdfReader.NumberOfPages;
17991     pdfReader.Close();
17992     Session["EsignPdfPageCount"] = Convert.ToString(numberOfPages);
17993     Session["EsignOutputPdfFilePath"] = pdfOutputFile;
17994     Session["EsignOutputPdfFileName"] = System.IO.Path.GetFileName(pdfOutputFile);
17995     Session["EsignBPName"] = templateName;
17996     Session["EsignDocId"] = wfDocId;
17997     HandleManager.Pdf2ImageConversion(pdfOutputFile, num
17998 }
17999 String hideID = hideWID.Text;
18000 String rowLen = Convert.ToString(GridView6.Rows.Count);
18001 Session["TemplateName"] = templateName;
18002 Session["WorkflwID"] = hideID;
18003 Session["RowCount"] = rowLen;
18004 Session["wrkfs"] = "true";
18005 Session["EsignBPName"] = templateName;
18006 Session["Esignheading"] = "field";
```

An exception dialog box is open, showing the message: "IOException was unhandled by user code". The exception details indicate that an exception of type "System.IO.IOException" occurred in "Itextsharp.dll" but was not handled in user code. The dialog box also includes a "Troubleshooting tips" section and a "Search for more Help Online..." link.

3. Guest account was used now. I click the esign tab; it does not show the documents.
